PREDICTS OUTBREAK IN THE PHILIPPINES
WASHINGTON, Oct. 4.—Trouble with the Philippines unless there is some declaration soon of the purpose of the United States to confer independence upon the archipelago is predicted in the annual report of Major H. H. Bandholz, the director of the Philippine constabulary, made public today. The report says that while the Philippines would rather have the United States dominate the affairs of the island than any other power, they want their freedom and already there have been many rumors of an uprising such as always in the past preceded actual outbreaks.

SIR JOSEPH BEECHAM
IS SALT LAKE VISITOR

Largest Advertiser in World
Talks of the Value of
Printer's Ink.

Sir Joseph Beecham, proprietor of the factories that make "Beecham's Pills," in St. Helens, England, and in Brooklyn, N. Y., and Edward Glover, his export manager, are visiting in Salt Lake City. They arrived yesterday from Los Angeles and will leave tomorrow for Denver. The titled Englishman has been an advertiser in The Tribune for more than thirty years and claims the distinction of being the heaviest newspaper advertiser in the world. When seen yesterday in The Tribune offices, Sir Joseph Beecham said:

My father started the manufacture of Beecham's Pills seventy years ago and he always taught me that the only advertising medium worth while was the newspapers. I believe he was right and the same principle applies today. As an evidence of my belief, I use no other medium and spend more than a million dollars every year in newspaper advertising. And I find that my advertising pays.

Sir Joseph Beecham has been three times mayor of his home city, St. Helens, and has held numerous offices and received many honors from his townspeople. He is noted for being an important sponsor of music and spends much in that line, his son, Thomas, being claimed the best director of an orchestra in England, maintaining a private orchestra of 150 persons.

ANOTHER HANDSOME BOOKLET IS ISSUED

A handsome little book entitled "As Seen From the Train," has just been issued by the passenger department of the Denver & Rio Grande and the Western Pacific. It gives some data regarding the two railroads, but is largely concerned with descriptive and illustrated data regarding the three cities most affected on the route. They are Denver, Salt Lake City and San Francisco.

The three cities are treated impartially in the booklet, which is attractive, and will be an important medium in advertising Salt Lake City and Utah. The little book was issued under the direction of Frank A. Wadleigh, passenger traffic manager, and E. L. Lomax, assistant passenger traffic manager of the two roads.

Wonderful Healing of Rupture

How a New Jersey Man Got Rid of a Severe, Obstinate, Right Inguinal Hernia Without the Slightest Trouble.

Below is a picture of Eugene M. Pullen, a well-known carpenter of Manassas, New Jersey. If you could see him at his work, particularly when he handles heavy timber, jumps and climbs around like a youth, you would scarcely imagine that he had formerly been afflicted with a rupture.

In conducting this remodeling sale, which is without doubt the greatest of its kind ever attempted in this intermountain country, we want to frankly state in a plain way just why it is necessary to close out this large stock of high-grade Pianos at such ridiculously low prices. We want to take you into our confidence.

For years, in fact since the time of the original Daynes Co. of whom we are successors, we have occupied the position as leaders in the wholesale and retail music trade. We have enjoyed the extensive patronage of the people of Utah and four adjoining states. We attribute our growth and patronage to our "Golden Rule" policy, selling only reliable and well known makes, and having every customer satisfied. Our large capital (\$500,000) enables us to buy for cash, and practice a very liberal policy in selling.

Since we moved from Main street to the three-story building we now occupy, at 13-15-17-19 East First South, three years ago, our growth has been phenomenal. Especially our Player-Piano business, which has doubled in volume this year. The demand on our facilities make it absolutely necessary that we have more room.

We occupy the largest building devoted exclusively to the sale of Pianos and musical merchandise between Denver and the coast, and we are determined to have the most complete, convenient, up-to-date and artistic ware-rooms for the display and sale of fine grand, upright and player-pianos. The contract for the many improvements has been let and the workmen are to commence work in a few days.

THE IMPROVEMENTS.
Exclusive Grand Piano display room, 33 feet square.
Three new Player-Piano rooms.
Second-hand Piano room.
Estey Chapel Organ room.
Renovate and rearrange all present rooms and repaper and tint walls.

These improvements mean our store will be in the hands of workmen several weeks.

We have on hand probably the largest and finest stock of new Grands, Player-pianos and uprights that we have ever had, also a limited number of used pianos. It is our intention to dispose of this entire stock within ten days or two weeks.

In order to do this we have cut the prices on this stock of Pianos with utter disregard for quality or former selling price. The terms are a matter of secondary consideration, we can arrange them to suit you. Our one and only desire during the next ten days is to dispose of every piano, get them out of the way of the workmen.

EVERY MAKE INCLUDED.
With the exception of 1914 styles of Steinway and Apollo Pianos, everything in our immense stock is included. Never before have we made an offer that means so much to the piano buyer. If you are thinking of getting a piano

Valuable Information Free.
The valuable information which Mrs. Pullen read in a newspaper many years ago and gave to her son, together with further important facts, will be sent free to any reader of this who writes to Eugene M. Pullen, 24 Marcellus avenue, Manassas, N. J., enclosing a stamp for reply. Mention the kind of rupture you have, whether on right or left side, and what you have already done in your effort to cure it. A legion of cases of all kinds of rupture in men and women, including inguinal (groin), femoral, navel, scrotal, etc., have been reported completely healed. Age seems to make no difference.

Prizes Won in the Summer's Work Announced by M. J. Abbey.

MAN IS BIG SUCCESS

Many Children Secured Good Returns From Gardens, Aside From Awards.

Contests in the home garden and vacant cultivation at the close of the summer work were announced yesterday by M. J. Abbey, who has had work in charge and who, in co-operation with the late Prof. William H. Hart of the University of Utah, started the movement.

Nearly 600 boys and girls engaged in contests during the summer and 600 packages of seed were distributed by Mr. Abbey to the contestants, most of the seed being contributed by the Vesper company and by Porter & Walton.

The display at the fair attracted considerable attention, it being judged by Prof. Wadsworth, until recently superintendent of dry farming in Wyoming.

Best Gardens Fail.
About fifteen gardens failed through lack of water or carelessness on the part of the children, but the returns of the winners from those who reported, run up to \$30 each, not including the prizes. The children were advised to sell their produce as soon as it matured in order to obtain the greatest economic return from their gardens. In addition to the returns as reported by the children, several parents have reported that the best gardens almost kept the family in vegetables during the summer.

Classes were held in the Young Men's Christian association building from March to August, instruction being given in dry farming and in irrigation. In order to keep in close touch with the children, Mr. Abbey required

Better Than Spanking.

Spanking does not cure children of wetting. There is a constitutional cure for this trouble. Mrs. M. Sumner, Box W, Notre Dame, Ind., will send free to any mother her successful treatment, with full instructions, and no money, but write her today if children trouble you in this way. Don't blame the child; the chances are you can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night. (Advertisement.)
